Attached is the redacted version of the Shansky report. We have redacted the personal medical information of the inmates. Because the individual facility reports are simply case studies of the individual inmates, they were redacted in their entirety. Also, we redacted the Department of Corrections response to the report as that was neither part of the report nor did the Court's order allow it to be made public.

Should you have any questions, please do not hesitate to contact me.

Thor – Please let us know how far along your clients are in their review of the expert report. If they will have any proposed redactions beyond the ones we suggested to protect the identity of inmates, please let us know before May 14, when the parties are supposed to file the redacted report.

Thanks. BSW
